## Greetings from the New President

JESSIE BOYD, *Lecturer*, School of Librarianship, Berkeley;  
*Librarian*, University High School, Oakland

It is with sincerity and pleasure that I extend greetings to the members of the School Library Association of California. With the steady growth in membership, influence, and interest, may the Association continue to bring about the strengthening of friendships and understanding with opportunities for discussing mutual library problems.

With the rapidly changing times, much depends on the service and influence of the school library in the preservation of morale. Mr. John W. Studebaker, U. S. Commissioner of Education, very forcefully writes: "Every individual and institution in our nation must play a proper part if we are effectively to provide for the common defense of democracy and freedom in today's world—educators no less than soldiers and workmen; schools and colleges no less than industry and commerce." In outlining the elements in an educational program for the common defense, he suggests the importance of "an expanding program of vocational preparedness" as well as "a developing program designed to create a stronger moral and spiritual preparedness." Both of these elements involve the use of books and libraries, in addition to the everyday courage, common sense, and clearness of vision that librarians as individuals can contribute.

Therefore, my wish for you is that the summer may be one of inspiration and well being, with an opportunity for gathering strength and courage for the tasks ahead.

## Words from the Retiring President

MYRTLE BARRIER, *Librarian*, Monrovia High School

I should like to express my appreciation to the officers and committee chairmen for their faithful and efficient work during the past year. Our membership has increased materially, the attendance at our Visalia meeting was good, and the members present most enthusiastic. The first issue of the Bulletin was published before the fall meeting, giving us early information about our membership.

In this present issue of the Bulletin appears the revision of the Handbook, prepared by Miss Ada Jones and her committee, assisted by the membership committees of both sections.

This year has been a pleasant one for me, and my knowledge of the affairs of the Association is much greater than it was a year ago. Hence I can heartily recommend to my fellow members service as an officer as a means of increasing interest in the Association.

To Miss Jessie Boyd and the other incoming officers I extend my very best wishes for a successful year's work during 1941 and 1942.

## Southern Section Spring Meeting

The Southern Section of the School Library Association held its final meeting of the school year on Saturday, May 3rd, at the Sycamores in Bel-Air.

The morning meeting was devoted to business affairs, annual reports, and the installation of new officers for the coming year.

More than one hundred members and guests enjoyed the luncheon meeting and program in the afternoon, and lingered to inspect the exhibits and see the gardens.

An interpretive dance from the "Butterfly Shawl" by Grace Dawson was given by a group of students from Le Conte Junior High School, Los Angeles, as part of the program.

Guest speaker was Dr. Victor W.

Von Hagen, lecturer, traveler, and author of "Quetzal Quest," "Treasure of Tortoise Island," "Jungle in the Clouds." He told entertainingly of his expeditions in South and Central America and emphasized the value of closer relationships and the importance of a real understanding between the Americas. Of special interest was the exhibit of original illustrations for his books and the photographs taken on his travels, particularly in Honduras and Ecuador. Miss Helen Herney contributed to the artistic display with her collection of textiles and art objects from Guatemala, and Mrs. Kaplan, our authority on South American books, arranged an excellent exhibit of books on Latin America to accent the South American theme.

## Northern Section Spring Meeting

The beautiful campus of Marin Junior College, at the foot of Mt. Tamalpais, was the setting for the annual spring meeting of the Northern Section, May 3rd. Mrs. Florence Gardiner, vice president, presided in the absence of the president, Marguerite Grayson. Mr. A. C. Olney, president of the college, graciously welcomed the members to the campus. Committee chairmen presented reports on the work accomplished by their respective committees. The report of the professional committee opened discussion on Assembly bill No. 2149, a bill favored by the group. The Northern Section voted, however, to

accept the recommendation of the committee that all school librarians write their legislators urging an amendment to this Assembly bill 2149 (librarians' certification), section 5.1515 so that the words "public school librarians" on line 46, which was deleted March 27, 1941, be returned to the bill. This amendment is favored because certification of school librarians is provided for by the school code.

Following the business meeting, Miss Esther Waite, author and illustrator of *Kate Farley, Pioneer*, spoke interestingly on the illustrating of children's books, tracing the development of the illustrator to his present status.

The officers for the new year were introduced.

The picnic luncheon had been scheduled for under the huge chestnut trees on the campus, but the uncertainty of the weather in Kentfield (living up to its eighty inches of rain already this season) provided the opportunity of showing the versatility of a library, and the delicious picnic was served in the reading room. During luncheon

greetings were brought to the meeting by Mr. Henry Greer, county superintendent of schools. After introduction of the guests the octet of the Junior College, under the direction of Clinton Lewis, delighted the group with their pleasing selections. Mr. Ramon Irwin, San Jose State College, gave a powerful and moving interpretive reading of Archibald MacLeish's *The City*, bringing to a close a profitable and most enjoyable meeting.

## Summer Study in California

### San Jose State

San Jose State College is giving five courses in librarianship from June 21 until August 1. *History of Books and Printing* will be taught by Mr. Jackson Burke, author of "Prelum to Albion," a history of the hand press. Mr. Burke assisted with arrangement of exhibits at the San Francisco World Fair. *Book Selection, Teaching the Use of Books and Libraries, School Library Administration, Reference and Bibliography* will be given by regular members of the college library staff. Courses in other departments of interest to librarians will be *Lettering, Flower Arrangement, Contemporary Social Movements, and Children's Literature*. This last subject will be taught by Miss Doris Gates, instructor at the college and author of "Blue Willow."

### University of California, Los Angeles

Two courses are being offered in the School of Librarianship, University of California at Los Angeles.

*Classification and Cataloging* will

be given by Miss Olive Swain, Senior Librarian, Catalog Division of the University of Washington Library; *Bibliography and Reference Materials* by Mr. Homer Halvorsen, Reference Librarian, Harvard College Library.

Instruction will begin June 30 and will extend to August 16. Classes will meet six days each week, each of the two courses equaling in content a full semester course of three units.

### University of Southern California

The University of Southern California is offering five courses in librarianship during the summer. Miss Hazel Dean and Miss Elizabeth Stone, professors of Library Science, will conduct classes in *Cataloging and Classification* and *Book Selection* respectively. *The Use of Books and Library by Secondary School Pupils and Teachers* will be given by Miss Hazel Pulling, Lecturer in Library Science. Miss Lois Fannin, Librarian of the George Washington Junior High School of Long Beach will give *Children's Literature*.

## Anna Graeme Fraser

### The Spirit of a Junior High School Library

ELIZABETH MADISON, *Supervisor of Libraries, Oakland Public Schools*

Anna Graeme Fraser, late principal of Woodrow Wilson Junior High School, and honorary member of the School Library Association of California, Northern Section, was one of those rare administrators whose love of books and love of children meet in a smile. Many times when walking down the halls of Woodrow Wilson School, Miss Fraser would be accosted by a "sophomore," who, bursting into immediate speech, as one does with an old friend, would announce jubilantly, as to one who knows. "Say, that was a great book you told me about—Captain Kidd, and all!"

"Well, I liked it too," the principal would say, steadily pursuing her way among the pressing throngs of "change classes" period. The reader would accompany her through the mob, saying, perhaps, "You know there is another book to that one?"

"Yes, I've heard so," Miss Fraser would answer. "Good idea, don't you think so?"

"Swell!"

"Now, if you'll go down and ask Miss Shelton, the librarian—or Mrs. Simney [in recent years]—she'll be able to give you a great story for the week-end. And tell them I'll drop into the library myself in a few minutes." So was a lesson in literary guidance given by a really remarkable teacher. She'd read all the books! She never gave away the surprises! She knew the exact angle that was the particular reader's angle! That school and those children will always know happier memories for the companion-principal who was the spirit and the power back of a dynamic junior high school library. How beautiful would we make the L'En-voi!

### LIBRARIAN'S SUMMER PROGRAM

Jewel Gardiner, Sacramento Teachers' Professional Librarian, will be Acting Chief, School and Children's Library Division of the American Library Association during July and August this summer. She will relieve Miss Mildred Batchelder, who is to teach at the University of Chicago summer session.

Miss Gardiner plans to fly to Boston to attend the A. L. A. convention, June 18-25, from where she will go directly to Chicago to take up her new work.

CORRECTION—In listing names of members of the Professional Committee, Southern Section, in the March issue of this Bulletin, these four names were inadvertently omitted: Edna Anderson, Library Department, Long Beach City Schools; Teresa C. Fulford, Alexander Hamilton High School, Los Angeles; M. Grace Reely, Herbert Hoover High School, San Diego; Lenore Townsend, Beverly Hills Elementary School, Beverly Hills.

## S. L. A. C. Library Tests

JEANNETTE VANDERPLOEG\*, *Associate Professor in Librarianship,*  
San Jose State College

When in 1936 committees of the Northern Section began the construction of library tests for the four school levels, elementary, junior high, senior high, and college, it was hardly expected that the work would continue for so long a time. In 1938 a state committee was appointed and the testing area was considerably broadened. The tests in a tentative form were administered to approximately 7200 children throughout the state. A report covering the preliminary steps was printed in the School Library Association Bulletin for April, 1939.

Since tabulations on the 800 Junior High tests were the first to be received this test was chosen for further experimentation. Mr. Harrison Heath, Associate Professor of Psychology and Mathematics at San Jose State College, was consulted as to the form of the test, its arrangement, and finally its statis-

tical analysis. Under his direction a revised test was given in the fall of 1939 to a group of 475 Junior High School students from West Los Angeles, Palo Alto, Santa Cruz, and San Jose. Again under Mr. Heath's supervision the test was statistically analyzed showing a reliability of .93. In its completed form this test for the junior high level fills a need not yet covered by any other test.

An excellent revision of the elementary test based on a study of the results from the 2850 tests previously given was made by the Elementary Schools Committee of the Northern Section last year. However there has been no opportunity to administer this revised test, and no analysis was possible. Revised tests for the senior high and college levels have not yet been made.

\* Jeannette Vanderploeg is chairman of both State and Northern Section Tests Committees.

# **THE DUTCH EAST INDIES: ITS GOVERNMENT, PROBLEMS, AND POLITICS**

by  
**AMRY VANDENBOSCH**

World events have placed the Dutch East Indies in a spot-light. This study of its background, economic resources, its social and political awakening, is directly related to the present urgent problems of the Pacific. The author has revised the first edition, and brought it up to date, adding much new material, with a vital chapter on "The Dutch East Indies and Japan."
